**PROGRAM:** This year's Leadership Conference will have three primary components to it:

- **STRATEGIC GOAL ACHIEVEMENT** ... You have personal goals, you have professional goals and you should have Chapter goals. Having goals is one thing, however. Understand how to achieve them can be another. This program will provide a framework for achieving goals in a very systematic framework — one that is applicable for your Chapter, your business and you personally.
- **SMALL GROUP FACILITATION** ... Over the lunch period, we will assemble in smaller groups to engage in a structured discussion related our Chapters and how we can make them larger and more productive.
- **PERSONAL LEADERSHIP** ... Effective leadership starts with you. You cannot lead others without first having control of you own thoughts and attitude on your own habits and actions. This program will help you develop the proper mindset for effective personal leadership.
