

# ***STUMBLING ON SMALL CHANGE***

**Y**ou are walking along and on the sidewalk just ahead of you is a penny. Do you bend over and pick it up? It's shiny? And it's heads up?

Maybe. It likely depends on your mood or current financial outlook. After all, you really can't get anything for a penny and your time is valuable. How about a quarter?

Probably, but you might have to think about that.

What about a dollar? Five bucks? A twenty?

***“Now, we're talking ... Absolutely ... Better get out of my way!”***

What if you came upon \$4,000.00!?

Silly questions, huh? Well here's the deal ... **next time you come across that someone looking for a part-time franchise or a person with only a modest amount to invest, do not discount them as a potential client.** Rather think of the situation as being akin to stumbling upon four-thousand big ones.

You see, the AmSpirit Business Connections has a franchise opportunity that is **both affordable (only \$10,000.00) and it can be worked on a part time basis. Best of all, there is a 40% commission for referring someone that becomes a franchisee.**

Now, in the big money world of franchising, **\$4,000.00 might seem like small change.** Remember, however, **this is small change that you more or less just stumbled upon.**

So, next time you come across someone looking for a part-time franchise or a person with only a modest amount to invest, refer them to AmSpirit Business Connections' founder and president, Frank Agin ([frankagin@amspirit.com](mailto:frankagin@amspirit.com)). He will work to close them into AmSpirit Business Connections and when he does, he will send you \$4,000.00.
